EDUCATION

Master of Applied Science, Electrical and Computer Engineering, Queen's University, Kingston, ON **2023 – Present**

- NSERC Alexander G. Bell Canada Graduate Scholar
- Research interests include human-robot interaction and virtual reality
- Thesis focusing on increasing immersion in virtual experiences through the coordination of physical human-robot interaction

Bachelor of Applied Science, Mechanical Engineering, Queen's University, Kingston, ON **2019 – 2023**

- Principal's Scholarship – Top 5% of the competitive admission average
- Dean's Honour List – GPA of 4.06
- OUA Academic All-Star – maintained a GPA of 3.7 or higher as a varsity athlete

Ontario Secondary School Diploma, Neuchatel Junior College, Neuchatel, Switzerland **2018 – 2019**

- Class of 2019 Valedictorian
- Calculus Award Recipient
- Physics Award Recipient

PROFESSIONAL EXPERIENCE

Research Student, Ingenuity Labs, Queen's University, Kingston, ON **2022 - 2023**

- Lead the haptic feedback component of the project while working collaboratively with a graduate student at Queen's University and practicing surgeons at Sunnybrook Health Sciences Centre
- Facilitated the development and evaluation of multiple haptic feedback systems to decrease the occupational risk for practicing fluoroscopic surgeons
- Performed literature review of the haptics field and applied findings to develop a novel system that minimizes the cognitive load experience by the user by applying a more natural haptic sensation

Research Student, PCIGITI Lab, The Hospital for Sick Children, Toronto, ON **2021**

- Developed a novel three-dimensional surveying system for the characterization of custom magnets to be used within surgical tools
- Maintained and upgraded a MR-compatible surgical robot for prostate brachytherapy to allow for full range and loading requirements
- Created design prototypes using machine and 3D-printing facilities to test feasibility within MR sensitive environments

EXTRACURRICULAR EXPERIENCE

Queen's Men's Varsity Rugby Team, Kingston, ON **2019 – Present**

- Managed on- and off-field team performance while acting as team captain (2023-present)
- Interacted with the university and Kingston communities through fundraising and charity events
- Developed strong time-management skills and work ethic through the balance of a full academic load with a heavy athletic schedule

Foyer Student Council Member, Neuchatel Junior College, Neuchatel, Switzerland **2018-2019**

- Headed the school's student council as a student-elected official
- Organized events and trips to develop school culture and fundraise for charities such as Jack.org
- Developed leadership and public speaking skills through frequent class addresses and mediation between student-faculty relations

ADDITIONAL INFORMATION

- Represented Team Ontario through provincial and national rugby competitions
 - Developed a working proficiency in the French language through a year of study abroad in Switzerland
 - Aspirations to visit all 7 continents
-
